

SUBCUTANEOUS SYRINGE DRIVER COMPETENCY WORKSHOP

The aim of the programme is to assist registered nurses to obtain the theoretical and practical knowledge and skills required to manage subcutaneous infusions in their own practice settings.

To attain certification each nurse is required to:

- complete a pre-reading workbook before attending the workshop (sent approximately 3 weeks before the workshop)
- attend a two-hour workshop, during which a practical competency assessment will be completed
- complete a written test obtaining 80% minimum in the written component and 100% in the drug calculations.

Following successful completion of the programme a Certification of Attainment will be issued.

To maintain certification, nurses who have successfully completed the programme in previous years and wish to have their certificate updated can attend an annual update during which their practical competencies will be tested. Alternate years, the written test must also be completed.

Dates for 2010: 18 February, 23 March, 20 April, 25 May, 24 June, 15 July, 10 August, 14 September, 19 October, 23 November

Time: 1.00-3.00pm
These dates and times are flexible and are subject to change.

Venue: Training room at Mercy Hospice Auckland. Parking may be found in the streets surrounding the hospice; car-pooling is advisable. The hospice is also on bus routes.

Cost: \$50 plus GST – organisations will be invoiced. Cheques payable to Mercy Hospice Auckland.
